- CI/CD (Jenkins, Fastlane, CircleCI)
- Code Quality & Security (TDD, MobSF, SonarQube)
- App Store Management (AppStore & GooglePlay)

Experience

- Lead Mobile App Developer** **August 2022 - Present**
J6W, Inc. • Nicanor Garcia Street, Makati City, PH
 - Led the development of a Flutter super-app integrating payments, loyalty, e-load, bills, and wallet services, ensuring performance and reliability.
 - Managed full app lifecycle from concept to release, delivering on time and maintaining smooth deployments.
 - Maintained code quality and performance for new and legacy apps, including ride-hailing apps on both Android (Java) and iOS (Swift).
 - Collaborated with cross-functional teams and evaluated new technologies to enhance functionality, usability, and user experience.
- Mobile Development Lead** **June 2017 - August 2022**
Swapoolabs, Inc. • SM Aura Office Tower, BGC, Taguig City, PH
 - Led the development of crypto-wallet and e-learning apps on both Android and iOS, ensuring security, performance, and cross-platform scalability.
 - Migrated native e-learning app to Flutter, improving maintainability and development efficiency.
 - Delivered clean, testable code using modern design patterns while guiding developers to uphold quality standards.
 - Collaborated with PMs, Designers, and QA to align features with business goals and provided technical insights for informed decisions.
- Android Developer** **June 2016 - May 2017**
GoSwift, Inc. • Rada Street, Makati City, PH
 - Developed and maintained Android card payment app with audio jack and Bluetooth reader support.
 - Built and optimized C++ payment SDK for reliable device communication.
 - Delivered features and updates on time while maintaining high performance and code quality.
- Mobile App Consultant** **August 2015 - June 2016**
Advanced World Solutions, Inc. • Ayala Avenue, Makati City, PH
 - Designed and implemented mobile app architecture for a restaurant management platform (Swift, Java).
 - Participated in full SDLC, turning concepts into functional mobile solutions.
 - Collaborated with engineering teams and contributed to technical roadmap and strategic planning.
- Android Developer** **May 2014 - August 2015**
MobileOptima, Inc. • Capital Commons, Shaw Blvd., Pasig City, PH
 - Designed and developed Android apps (using Java) for employee management, tracking, and family location monitoring.
 - Integrated APIs and external data for seamless mobile-backend synchronization.
 - Collaborated with cross-functional teams to deliver features and support clients effectively.
